The SCHSB Office will **ONLY** accept an Application for Registration from the **FIRST OWNER** of the animal to be registered. The **FIRST OWNER** is the person that owned the dam at the time the animal (the one being registered) was born.

By signing below, I hereby certify that the above information is true to the best of my knowledge and the animals being registered comply with SCHSB rules and do not exhibit disqualifying faults. I acknowledge that paper/pdf applications incur an additional data entry fee.

If you borrowed or leased the Sire, you must submit a Breeding Certificate.

Signature of the recorded owner of the dam at lambing *Date*

Registration Application Instructions

Member Id

If you know the Member ID, list the five-digit code assigned.

Breeder

The breeder of a lamb is the person who owned the dam at the time she was bred.

First Owner

The first owner of a lamb is the person who owned the dam at the time she lambed. The SCHSB office will only accept an application for registration and payment from the first owner.

Owner Farm Name

Represented by the name you choose to register your new animals. Your farm name will remain on record unless a change is requested in writing.

Owner Flock Prefix

List the two to five character unique prefix assigned to the owner's flock.

Admin Use

Please leave this column blank.

Ewe or Ram

Place an X to indicate if the animal being registered is a ewe or ram.

Scrapie Tag Number and/or NSIP ID

List the full official USDA Scrapie tag number in the animal's ear. If the animal is enrolled in the National Sheep Improvement Program (NSIP), list the ID. Once an animal is registered with a USDA tag number or NSIP ID, this number cannot be changed or corrected. Replacement tags may be obtained from the retailer.

Flock Prefix, Flock Tag#, and Name (as applicable)

Enter your Flock Prefix, management or flock tag (non-USDA tag), and name of the animal if desired. Note: if no Scrapie tag number is indicated, there MUST be a flock tag #.

Birth Date

The date the animal was born. Must include the month, day, and year. (MM/DD/YY)

Type of Birth

1 = Single; 2 =Twin; 3 =Triplet; 4=Quadruplet; 5=Quintuplet

AI (Artificial Insemination)

Leave this blank if the animal was conceived naturally. Animals born as a result of AI must be designated by placing "X" in the AI column. If the breeder does not own the ram from which semen was used, a "Breeding Certificate," signed by the owner of the ram, must be submitted with the Registration Application.

Embryo Transfer (ET)

Leave this blank if the animal was conceived naturally. Animals born as a result of embryo transfer must be designated by placing one of the following codes in the ET column.

I=Imported Embryo D=Domestic Embryo

Color

Leave this blank if the animal is white. Animals that display color exceeding one fourth of the ear or a spot anywhere on the body or head the size of a U.S. quarter must be designated by placing "X" in the color column. Dark pigment around the eyes, lips, or in the hooves is excluded from consideration.

Scurs

Leave this blank if the animal is polled. Animals that display scurs of any size must be designated by placing "X" in the scurs column. Horned sheep are ineligible for registration.

Sire's Registration Number

List the sire's registration number as it appears on the SCHSB Registration Certificate.

Sire's Flock Prefix, Flock Tag#, and Name (as applicable)

Enter the sire's Flock Prefix, management or flock tag (non-USDA tag), and name of the animal as shown.

If the owner of the lambs being registered does not own the sire, a Breeding Certificate is required. If you borrowed or leased the sire, the owner of the sire must provide a Breeding Certificate. NOTE: the owner of the sire is not the breeder in this situation. The owner of the dam at the time of breeding is the breeder.

Dam's Registration Number

List the dam's registration number as it appears on the SCHSB Registration Certificate.

Dam's Flock Prefix, Flock Tag#, and Name (as applicable)

Enter the dam's Flock Prefix, management or flock tag (non-USDA tag), and name of the animal as shown.

Disqualifying Faults

Horned animals are disqualified from registration.
